General coverage provisions

This section provides detailed explanations about the:

- **Deductible**
- **Maximum out-of-pocket limits**

that are listed in the first part of this schedule of benefits.

Deductible provisions

The **deductible** may not apply to certain **eligible health services**. You must pay any applicable **copayments/payment percentage** for **eligible health services** to which the **deductible** does not apply.

Individual

This is the amount you owe for in-network **eligible health services** each Calendar Year before the plan begins to pay for **eligible health services**. This Calendar Year **deductible** applies separately to you and each of your covered dependents. After the amount you pay for **eligible health services** reaches the Calendar Year **deductible**, this plan will begin to pay for **eligible health services** for the rest of the Calendar Year.

Family

This is the amount you and your covered dependents owe for in-network **eligible health services** each Calendar Year before the plan begins to pay for **eligible health services**. After the amount you and your covered dependents pay for **eligible health services** reach this family Calendar Year **deductible**, this plan will begin to pay for **eligible health services** that you and your covered dependents incur for the rest of the Calendar Year.

To satisfy this family **deductible** limit for the rest of the Calendar Year, the following must happen:

- The combined **eligible health services** that you and each of your covered dependents incur towards the individual Calendar Year **deductibles** must reach this family **deductible** limit in a Calendar Year.

When this occurs in a Calendar Year, the individual Calendar Year **deductibles** for you and your covered dependents will be considered to be met for the rest of the Calendar Year.

Copayments

Copayment

As it applies to in-network coverage, this is a specified dollar amount or percentage that must be paid by you at the time you receive **eligible health services** from a **network provider**.

Payment percentage

The specific percentage you have to pay for a health care service listed in the schedule of benefits.

*See *How to read your schedule of benefits* at the beginning of this schedule of benefits

Maximum out-of-pocket limits provisions

The **maximum out-of-pocket limit** is the maximum amount you are responsible to pay for **copayments/payment percentage** and **deductibles** for **eligible health services** during the Calendar Year. This plan has an individual and family **maximum out-of-pocket limit**. As to the individual **maximum out-of-pocket limit** each of you must meet your **maximum out-of-pocket limit** separately.

Individual
Once the amount of the **copayments/payment percentage** and **deductibles** you and your covered dependents have paid for **eligible health services** during the Calendar Year meets the individual **maximum out-of-pocket limit**, this plan will pay 100% of the **negotiated charge** for **covered benefits** that apply toward the limit for the rest of the Calendar Year for that person.

Family
Once the amount of the **copayments/payment percentage** and **deductibles** you and your covered dependents have paid for **eligible health services** during the Calendar Year meets this family **maximum out-of-pocket limit**, this plan will pay 100% of the **negotiated charge** for such **covered benefits** that apply toward the limit for the remainder of the Calendar Year for all covered family members.

To satisfy this family **maximum out-of-pocket limit** for the rest of the Calendar Year, the following must happen:

- The family **maximum out-of-pocket limit** is a cumulative **maximum out-of-pocket limit** for all family members. The family **maximum out-of-pocket limit** can be met by a combination of family members with no single individual within the family contributing more than the individual **maximum out-of-pocket limit** amount in a Calendar Year.

The **maximum out-of-pocket limit** may not apply to certain **eligible health services**. If the **maximum out-of-pocket limit** does not apply to a covered benefit, your **copayment/payment percentage** for that covered benefit will not count toward satisfying the **maximum out-of-pocket limit** amount.

Certain costs that you incur do not apply toward the **maximum out-of-pocket limit**. These include:

- All costs for non-covered services
- Any out of pocket costs for non-emergency use of the emergency room
- Any out of pocket costs for Obesity surgery
- As it applies to out-of-network coverage: Charges, expenses or costs in excess of the **recognized charge**

Calculations; determination of benefits provisions

Your financial responsibility for the costs of services will be calculated on the basis of when the service or supply is provided, not when payment is made. Benefits will be pro-rated to account for treatment or portions of stays that occur in more than one Calendar Year. Determinations regarding when benefits are covered are subject to the terms and conditions of the booklet.
